COMENTARIO SOBRE PROCESO CREATIVO/ STATEMENT	<i>"To me, photography is about capturing the relations in between light, line, form and shape no matter what the subject matter is. Upon the same image, different people will have own feeling, mood and perspective. I never lead the viewers to any direction, it's the audience's free will. In my works, I suggest but not conclude.</i>  <i>Hong Kong is a city by the sea, it changed from a fishery village into a logistic, commercial city under the ruling of British. Then China took it back again in 1997 and now a financial center, things changed a lot. But to me, the mood of the 'by the sea' has not changed a bit. I have been working on this series since 2006 and it's still expanding..." (2011, Wing Wong</i>
